A mapped summary of the self-guided historical walks
around the City of Subiaco

Welcome to Walking Subiaco

Seven booklets, each with a map, photographs and text, guide the walker through parts of the City of Subiaco. Each walk:

- Explores an area within Subiaco that has its own unique history and environment.
- Celebrates the wide range of architectural styles to be found within the City.
- Identifies sites where factories, houses and businesses formerly stood.
- Promotes health and well-being for visitors and local residents through physical and mental recreation.

The booklets are available at the Subiaco Museum, Library and Administration Building.
